

Teaching Arrangements for 2021/22

Face-to-face teaching

Based on current government guidelines our current plan for the start of the 2021/22 academic year is undertake face to face teaching.

Blended learning (if required)

If we have to go back to partial lockdown we will move to blended learning:

One day of the two-day teaching block will be face-to-face and one day will be held on Zoom as if we restrict numbers in the building to enable social distancing, only two groups can be taught face-to-face at a time (in our two buildings).

The Matrix buildings will receive a deep clean with anti-viral disinfectant overnight between groups. Hand sanitiser points are available.

Fully online

If local lockdown occurs, or if a whole group have to self-isolate then both days will be taught via Zoom.

Timings

Teaching times are 9.30 – 5.15 on both days.

In the academic year 2020/21 we have done all of the above and the teaching staff are able to be flexible and adapt quickly to manage necessary requirements
