

Recognition of Prior Learning (RPL)

Recognition of Prior Learning (RPL) is a process through which an individual may be awarded credit for previous informal and formal learning.

Matrix College, in collaboration with Middlesex University and the UKCP operate an RPL scheme in relation to the Year 2 (DipHE).

We also offer in collaboration with Middlesex University an RPL scheme in relation to the Year 3 BSc (Hons) programme.

The RPL scheme is intended to provide equal opportunities to people to enter the Dip HE and BSc (Hons). UKCP registration is not available for those undertaking only Year 3 as in order to achieve UKCP registration at least 50% of the course is required to be taken.

The underlying principle of RPL is that all learning which can be judged to be at higher education level can be assessed and quantified in terms of academic credit, and capability to progress to the next level of learning – integrating knowledge and understanding, skills and personal development.

Stages in RPL

1. Application with Portfolio

Candidates send us a portfolio that shows evidence of the specific requirements outlined below.

This portfolio of evidence is added to the full application and is to be submitted *at the same time* as the application.

2. Assessment and Accreditation

Before interview a senior Matrix tutor will review the application together with the portfolio of evidence. The candidate may or may not be offered an interview depending on the strength of the application.

After interview, the interviewing tutors will recommend credit, based on the agreement of the RPL process with Middlesex University and the UKCP; accept and approve the application for a place on the relevant year.

If the evidence is not sufficient then the candidate will be advised of the steps which might be taken to improve the portfolio. This might include developing or providing additional evidence; undertaking additional personal therapy, learning, skills or other development. This may be discussed during the interview process or communicated to the candidate by writing, prior to, during or after interview.

A deadline for the submission of further supporting evidence will be communicated to the applicant.
